VI. Proposal Concerning Second Majors and Degrees - (Agenda Item 84-35).

1. Dr. Baumgardner moved and Mr. Good seconded the motion to remove the item from the table. The motion carried unanimously.
2. By consensus the material submitted by Dean Laible was substituted for the original material.
3. Dean Laible presented the new material and answered questions concerning it.
4. By consensus the title was changed to Requirements for Two Bachelor's Degrees.
5. Dr. Quivey moved and Dr. Ivarie seconded the motion to table the item and to publish the revised version. The motion carried unanimously.

Policy on Two Bachelor's Degrees

Requirements for Two Bachelor's Degrees: A student will be awarded all degrees for which he/she has completed requirements, except that the Board of Governors B.A. degree may not be awarded simultaneously with another degree or awarded to a student who already holds a bachelor's degree.

Simultaneous Degrees: A student who is currently enrolled at Eastern Illinois University may apply for and receive two bachelor's degrees at the same time by making arrangements with the appropriate certifying dean(s). The degrees may be the same (e.g., two B.A. degrees) or different (e.g., a B.A. degree and a B.S. degree). All specified major requirements for both degrees must be met as well as the general requirements for the bachelor's degree. The program of study must include a minimum of 150 semester hours of courses with at least 60 of these hours in upper-division courses (3000-4000 courses) and with at least 72 of the 150 semester hours completed at Eastern Illinois University. All requirements for both degrees must be completed at the time of graduation.

Consecutive Degrees: A student who has already received a bachelor's degree from Eastern Illinois University, or from another regionally accredited college or university, may receive a second bachelor's degree from Eastern Illinois University. All specified major requirements for the second degree must be met, and the program of study completed for the second degree must include at least 30 semester hours of courses taken at Eastern Illinois University after the granting of the first degree. At least 20 of the 30 hours presented for the second degree must be upper division courses (3000-4000 level courses) with at least 12 semester hours of work in courses applicable to determining the GPA (grade point average) in the major.

Degree Major and Second Major

An undergraduate student shall indicate the major program for which the appropriate bachelor's degree will be awarded when all degree requirements have been met. This shall be recorded as the "degree major."

An undergraduate student who has declared a "degree major" may also earn a "second major" by completing the requirements for that second major as listed in the General Catalog. Only one degree will be awarded--that degree to be determined by the "degree major." Both majors will be listed on the student's transcript.

Depending on the degree requirements and the student's background, a "second major" may, in many cases, be earned with a minimum of 120 semester credits. However, in some cases a student may need to complete more than 120 semester credits to be entitled to the notation of the "second major."

It is the student's responsibility properly to indicate the "degree major" and a "second major," if any, at the time of application for graduation. Certification for graduation, is a dual process. The dean responsible for the "second major" certifies that requirements for that major have been met; final responsibility for certification for graduation lies with the dean responsible for the "degree major."

VII. Proposal to Change Credit of PHY 1050 - (Agenda Item 84-42).

Dr. Butler presented the proposal and answered questions concerning it.

By consensus the number of the course was not changed. Voting on the motion to approve the change of credit resulted in it passing unanimously to become effective Fall 1985. The action approved the following:

PHY 1050. Adventures in Physics. (3-2-4)

VIII. COMMENTS.

1. Mrs. Stoner asked the members to please submit their responses regarding the core curriculum to her as soon as possible, since the first meeting of the committee will be held on December 7.
2. Vice President Schick announced that he had selected Dean Laible and Dr. Whitley to serve on the core curriculum sub-committee.
3. Vice President Schick commented that Mr. McElwain, the graduate student from the Carnegie Foundation, was very favorably impressed with Eastern and its quality instruction.

The meeting adjourned at 2:55 p.m.
